三．閱讀理解：細心閱讀文章，把答案填在橫線上，選擇題 則在○內塗黑。

The manta ray, with its majestic grace and impressive size, commands attention in the ocean's depths. Gliding effortlessly through the water with its distinctive flattened body and expansive wings, the manta ray embodies elegance in motion. These gentle giants, known for their peaceful demeanor, often evoke a sense of wonder and awe among divers and marine enthusiasts alike. With their wide mouths filtering plankton and small fish as they swim, mantas play a vital role in maintaining the delicate balance of marine ecosystems. Despite their imposing appearance, manta rays are harmless to humans, choosing instead to navigate the ocean depths in search of sustenance and companionship. Their presence serves as a reminder of the beauty and diversity that abound in the world's oceans, inspiring conservation efforts to protect these magnificent creatures for future generations to admire and cherish.

1. What characteristic of the manta ray is highlighted in the passage?
  - A) Sharp teeth
  - B) Majestic grace
  - C) Predatory behavior
  - D) Aggressive nature
2. How do manta rays contribute to marine ecosystems?
  - A) By preying on larger fish
  - B) By maintaining the delicate balance
  - C) By causing disruption in food chains
  - D) By avoiding other marine creatures
3. What is NOT mentioned as a reason why divers and marine enthusiasts feel awe when encountering manta rays?
  - A) Their harmless demeanor
  - B) Their imposing appearance
  - C) Their graceful movement
  - D) Their tendency to attack humans
4. How do manta rays feed according to the passage?
  - A) By hunting in packs
  - B) By scavenging on ocean floors
  - C) By filtering plankton and small fish
  - D) By aggressively pursuing prey
5. What is the primary purpose of conservation efforts mentioned in the passage?
  - A. To study manta rays in captivity
  - B) To protect manta rays from predators
  - C) To prevent manta rays from reproducing
  - D) To preserve manta rays for future generations
6. Which phrase best describes the demeanor of manta rays in the passage?
  - A) Aggressive hunters
  - B) Peaceful giants
  - C) Timid creatures
  - D) Territorial predators
